

John Kang, P.Eng.
Manager, Environment, Health and Safety
277 Gladstone Avenue
Toronto, Ontario
M6J 3L9

To Whom It May Concern:

CIMCO Refrigeration has been our preferred contractor for over 30 years servicing Gladstone facility's all refrigeration requirements such as, preventative maintenance, new installation, service of all ammonia and freon equipment, and some predictive maintenance. Although management people have changed, CIMCO remained as our preferred contractor for many decades due to their high quality service with qualified and certified refrigeration technicians, competitive prices, and their commitment to be the best in the area of expertise.

Gladstone plant highly recommends CIMCO for any work related to refrigeration.
