

Industrial Refrigeration Mechanic

CIMCO has an immediate opening for an organized and enthusiastic licensed **Journeyman Refrigeration Mechanic**.

Based out of our St. John's, NL office, the successful candidate will be working closely with the Branch Manager, Service Manager and existing personnel, as well as our Engineering and Automations group.

Our area of business/service includes all of Newfoundland and Labrador.

Location: St. John's, NL

Required Professional Knowledge, Skills & Qualifications

The Successful candidate should have:

- 4th year apprentice or Red Seal Journeyman Refrigeration Mechanic License
- Valid driver's license.
- Ammonia refrigeration experience is required
- Light Industrial Freon or CO2 would be an asset.
- Strong knowledge of electrical and electronic systems would be a significant asset.

The ideal candidate must possess excellent written and verbal communication skills, and be comfortable in dealing with customers, suppliers, and co-workers.

This opportunity offers the current UA Local wages and benefits package, a company service vehicle and associated benefits are also included.

Company Profile

CIMCO specializes in the engineering, design, manufacture, installation and service of complex thermal building solutions for industrial, process cooling and recreational refrigeration and mechanical systems. For more than 100 years, CIMCO's leadership and unparalleled research, development and manufacturing programs has put us at the forefront of industry advancements and technological breakthroughs. Our professional engineers, technicians and designers apply innovative state-of-the-art equipment and refrigerants to develop systems that meet even the most complex thermal challenges.

Interested/qualified candidates may submit their current resume in confidence to:
