Dear Steve,

This is to commend both you and the Cimco organization for the fine service Sobeys has received over the past 25 years.

During this time I have been responsible for numerous projects where Cimco have provided refrigeration systems, ranging from small freon coolers to major ammonia freezers.

Cimco conduct their business with the utmost professionalism and have always proposed innovative alternatives to optimize system performance and cost.

Projects are completed on time and quality is never compromised.

I will continue to rely upon Cimco to be a prime provider of refrigeration solutions to the Sobeys' network of Retail Support Centres.

Yours truly,

A handwritten signature in black ink that reads "P. F. Reed". The signature is stylized and written over a faint, larger version of the same signature.
