Re: Refrigeration Project – Taylor Cold Storage Inc.

Dear Gino,

I would like to thank you for the outstanding service Cimco Refrigeration just provided to Family Tradition Foods Inc. and Taylor Cold Storage Inc. in replacing our Freon based refrigeration with a state of the art ammonia system.

We are very pleased with the professional manner of your company. Your employees are very knowledgeable, cooperative and helpful. Henry Roefs and the installation team did an awesome job on putting this system together.

I would highly recommend Cimco Refrigeration to others. We look forward to working with your company on other projects in the future.

Sincerely,

John Omstead
President,
Family Tradition Foods
